---

## Profile

Full-stack .NET developer with 1+ years of experience in designing, developing, and delivering high-quality web applications using modern technologies. Experienced in building scalable applications with .NET Core, Entity Framework, and Angular. Proven ability to lead technical initiatives, coordinate with cross-functional teams, and deliver projects independently and collaboratively. Skilled in all aspects of the software development lifecycle with strong foundation in both backend and frontend technologies.

---

## Education

**Bachelor's degree in computer science**

Elshrouk Academy | 2018 – 2023

---

**2022: Graduation Project - IPS (Indoor Positioning System) (Grade: A+)**

---

## Internships

**Full-Stack Development Training - ITI Intensive Code Scholarship (.Net & Angular)**

**July 2025 - November 2025**

- Completed intensive 5-month full-stack development program at Information Technology Institute
  - Mastered advanced .NET Core, Entity Framework, and modern web technologies
  - Built enterprise-level applications using ASP.NET MVC and Web API
  - Developed frontend expertise with Angular, TypeScript, and modern JavaScript (ES6+)
  - Gained hands-on experience with MEAN stack development and industry best practices
  - Participated in technical workshops covering Agile methodologies, software testing, and secure coding
- 

## Professional Experience

**Application Developer (Freelance) - [xMariners.com](https://xMariners.com)**

**December 2024 - June 2025**

- Collaborated with React developer and company owner on web application development
- Managed business requirements analysis and stakeholder communication
- Designed and implemented responsive UI styling using Tailwind CSS
- Led deployment process and ensured production readiness
- Coordinated cross-functional efforts between development and business teams

## **Backend Developer (.NET Core API)**

**October 2023 - April 2024**

- Maintained legacy MVC web application and developed RESTful API services
  - Collaborated with Flutter developer to deliver mobile application for sales department
  - Served as sole .NET developer, taking full ownership of backend architecture
  - Worked in fast-paced startup environment with limited resources
- 

## **Skills**

### **Backend Development:**

- .NET Core (MVC & Web API)
- C# & Object-Oriented Programming
- Entity Framework & LINQ
- ASP.NET MVC Core & ASP.NET Web API
- SQL Server Programming

### **Frontend Development:**

- Angular Fundamentals
- JavaScript & TypeScript
- HTML5 & CSS3
- Bootstrap Framework

### **Development Stack & Tools:**

- MEAN Stack (MongoDB, Express.js, Angular, Node.js)
- Modern JavaScript (ES6+)
- Source Control (Git & GitHub)
- Agile Methodologies
- Freelancing & Client Management

### **Interpersonal skills:**

- • Excel in effective communication and public speaking with confidence and clarity.
  - • Demonstrate strong leadership and teamwork abilities that inspire collaboration and trust.
  - • Skilled in planning, organizing, and negotiating to achieve optimal results.
  - • Highly self-motivated, fast, and continuous learner, always eager to take initiative and adapt to new challenges.
- 

## **Courses**

### **Full-Stack Web Development Diploma (Angular & .NET)**

Route Academy | 2020 - 2021

---

## **Languages**

- **Arabic:** Native
  - **English:** Intermediate (B1)
-
